

GREENET®

Environmental DIPLOMA

awarded

Styropack A/S

for extraordinary environmental work

Styropack A/S is working actively and seriously to reduce the environmental impact on their surroundings.

The GREENET committee finds Styropack A/S meets the GREENET's requirements for environmental performance.

This entails that Styropack A/S:

- has prepared a report after GREENET's environmental manual
 - has identified the key issues in the environmental work
- has set targets for continuous environmental improvement, based on cleaner technology
- has made their report, which includes an environmental policy, clear objectives and a course of action, available to the public

Styropack A/S, Tvilhovej 8, 6752 Glejbjerg, Denmark,
receives diploma for the 7. time.

Diploma covers the period from spring 2016 to spring 2019.
